

School Wide Component: 1c

Setting Instructional Outcomes

- ✓ Common Core Standards posted on bulletin
- ✓ Journeys Focus Wall posted for each lesson
- ✓ Standard and Objectives posted for each lesson
- ✓ Instructional Outcome based on learning target
- ✓ Lesson plan
- ✓ Math lesson plan showing differentiation

Reflection on School Wide Component: 1c

- ▶ From this process, I learned the importance of guiding the lesson by posting standards and objectives and discussing with my students the purpose of the day's lesson.
- ▶ In the future, I will continue to focus on differentiating instruction to ensure successful learning outcomes for ELL students as well as gifted and struggling students.
- ▶ When teaching this lesson again, I will work on ensuring that students reach the learning outcomes while also ensuring that the lesson is interesting and fun for all students.

Choice Component: 4c

Communicating with Families

- ✓ Parent letter at the beginning and middle of the school year
- ✓ Emailing homework to parents everyday
- ✓ Students writing homework in planners everyday
- ✓ Conversations via email
- ✓ Report card comments
- ✓ Letters to parents throughout the year on important projects
- ✓ Grades kept updated in PowerSchool and the encouragement of parents to access PowerSchool

Reflection on Choice Component: 4c

- ▶ Through following up on my communications with parents, I found that students whose parents were consistent in checking their emails for homework assignments did very well in class because they studied and completed assignments.
- ▶ In the future, I will focus on finding multiple channels of communication to reach out to parents who do not have email.
- ▶ Next year, I will plan additional events that include parent participation such as a family game night, literacy night or math night.
