

Principal Professional Growth Plan SY15-16

Instructions

The Principal Professional Growth Planning (PPGP) Template is designed to facilitate the principal's professional development. The principal uses it to set PPGP goals, as well as to track and reflect on professional development or goal-related activities; the superintendent uses it to review progress and score the principal's PPGP at the conclusion of the evaluation cycle.

Two goals must be included in the plan:

- **Growth Personal Learning Goal:** A personal learning goal for the principal that addresses an area of growth or improvement informed by self-reflection using the Five Essential Practices of School Leadership Framework, previous evaluation results (if available), and other available data.
- **Collaborative Learning Goal:** A team of principals (cross district, cross school level, feeder group, PLC team, etc.) collaborate to identify a learning goal that focuses on a common area for growth. The team works together on learning and applying their learning to improve school leadership practice and school results. The collaborative learning goal would be the same for all of the principals in the team; however, each principal is responsible for identifying and completing appropriate professional learning activities, collecting evidence, reflecting on learning, and using new skills and knowledge.

The goal should be written as a **SMART** goal (specific, measurable, achievable, relevant, and time-bound).
